BULGARIAN ARMY DESTROYS FIFTEEN RUMANIAN BATTALIONS

INFANTILE PARALYSIS, 6 CASES IN COUNTY

Four Cases in Brainerd, of Which One Shows Traces of Paralysis, Says Dr. W. P. Green

Representative of State Board of Health Says Colder Weather Will Act As a Check to Disease

Dr. W. P. Green, of Minneapolis, of the State Board of Health, was in Brainerd and vicinity and inquired into the situation regarding infantile paralysis.

Four cases in Brainerd are recovering. Of these, one shows traces of paralysis. At Nokay Lake there are two cases. That makes a total of six for Crow Wing county.

"I am satisfied that the frosts of autumn are checking the further spread of the malady," said Dr. Green. "Winter ought to bring a complete cessation of the disease."

Since July 725 cases have been reported to the State Board of Health. Of this number 75 resulted in death. "No schools will be closed in Brainerd," said Dr. C. S. Reimstad, city health officer.

Two Dollar Wheat Predicted by January

(By United Press)
Chicago, Oct. 5.—Two dollar wheat is predicted before January. The prices today are only ten cents under the record for 1915. The short crop in the United States, the discouraging Argentine crop and the allies commanding all Australian and Canadian crops are bringing the high price.

Buenos Ayres, Oct. 5.—Argentine offers little hope for relief from high flour and bread prices in the United States. Chief Lahitte, of the statistical bureau told the United Press, as the Argentine crop is below the normal. However, they will have a million tons for export to the United States or Europe, whichever bids the highest. One ship load is en route to the United States, but the United States have few ships.

Record Crowds are Predicted

(By United Press)
Boston, Oct. 5.—Hotel managers predict the greatest world's series crowds ever. Twenty-five to thirty thousand are considered possible.

Communication With Chihuahua Broken

(By United Press)
Jaurez, Oct. 5.—Communication with Chihuahua City has not been restored and the restrictions against passenger trains moving south has not been removed.

Dynamite Explodes Three are Killed

(By United Press)
Bismarck, N. D., Oct. 5.—Arnold Lauserman, of Alexandria, Minn., and John Geisler of New Salem, N. D., were killed by standing too near while blasting rock with dynamite.

Catholic Institution Destroyed by Fire

(By United Press)
St. Louis, Oct. 5.—Fire today destroyed the Christian Brothers College, the oldest Catholic educational institution in the United States. Brother Carmack, aged 92, and Brother Clement, age 78, and aged attendant, are missing.

VOLHYNIA BATTLE IS STILL RAGING

Germans Withstand Terrific Assaults of Russians.

BUCHAREST REMAINS SILENT

Roumania Makes No Mention of Withdrawal Across Danube—Berlin Admits Retirement of Teutonic Allies Before Serbians.

London, Oct. 5.—With rain still keeping the operations of the entente allies and Germans on the western front in France mainly to artillery duels, interest in the world war has been transferred to the Russian, Roumanian and Macedonian fronts, on all of which heavy fighting is in progress.

The fierce battle which has been raging for several days west of Lutsk, in Volhynia, is still without decisive result for either side, while in Galicia, along the Zlota Lipa river, where the Russians are trying to push through to Lemberg, the Austro-German forces are still holding back the Russians.

Berlin, in its official account of the fighting near Lutsk, says the Russian dead number thousands.

Bucharest is Silent.
Bucharest is still silent with regard to the operations of Roumania's troops which crossed the Danube river, between Dushchuk and Turtukal, and invaded Bulgarian territory, but Berlin says these men have been hastily withdrawn in the fear of being encircled by the forces of Field Marshal von Mackensen.

Fresh gains by the Roumanians against the center and left wing of the Teutonic allies operating to the north in Dobruja are chronicled by Bucharest. At Amzecea a position of the Teutons was captured and with it more than 1,000 men and seven guns and much war material.

In Transylvania from Orsova, on the Danube, near the Hungarian-Roumanian frontier, to the Bukovina border, numerous engagements have been fought.

Retirement Is Admitted.

The Berlin war office admits the retirement of the Teutonic allies before the Serbians to prepare positions near Lake Presba, on the western end of the Macedonian front, and also at Nize hill, north of Kalmakalan height on the Serbo-Greek frontier, and that the British are maintaining themselves in positions they have captured along the Struma river, north of Lake Tabanos. In this latter region the British have added to their front the town of Jenikol.

The Serbian territory recaptured by the entente allies, the dispatch says, now aggregates 230 square kilometers.

The Italian troops have recaptured from the Austrians the northern slopes of Col Bricon and have advanced farther their position in this region according to Rome.

ODDS AGAINST WILSON
DROP TO TWO TO ONE.

New York, Oct. 5.—The betting commissioners on the curb all seem to have money to place on Wilson for president. Heretofore they have asked for 2½ to 1 against him. Today they generally accepted 2 to 1, which the Hughes men have been offering for some time.

MAJOR GENERAL SCOTT.

Chief of Staff of Army is ill at Washington.

Major General Hugh L. Scott, chief of staff of the army, is undergoing treatment at a hospital in Washington for chronic stomach trouble. It was said at the war department that the general is improving and that an operation is not deemed necessary.

SWEDEN ASKS UNITED STAND BY NEUTRALS

Stockholm, Oct. 5.—"Sweden proclaimed her attitude of neutrality at the very outbreak of the war, and all her actions since that time have borne out that proclamation," said the prime minister of Sweden, Dr. K. H. L. Hammarskjöld in the only interview he has granted since the war began.

Throughout the interview the premier put stress on his government's desire to follow unswervingly the policy of unpartisanism thus far followed.

"And whenever Sweden has taken any step displeasing one or another belligerent power," he continued, "her action has been dictated solely by considerations of the kingdom's own necessities and of its future welfare and not by any partisan reason."

"We hope sincerely that the belligerents will not make it impossible for us to maintain this attitude unto the end."

"We are glad to know that the United States has taken steps in this matter and we have welcomed other steps by that government in the defense of the rights of neutrals and for the upholding of the rules of international law."

Hughes Itinerary for Campaign Tour

(By United Press)
New York, Oct. 5.—A definite itinerary for Hughes' campaign tour starting Oct. 9th, shows thirty-six stops. There are northwest stops only, on Oct. 17th at Yankton, Mitchell and Sioux Falls, S. D.

BULGARIANS WIN A GREAT VICTORY

(By United Press)
Sofia, Oct. 5.—The Bulgarians enveloped and destroyed fifteen or sixteen Rumanian battalions, including fifteen thousand men, which crossed the Danube and invaded Bulgaria near Riahovo. The defeat is the greatest since 25000 Rumanians were trapped and captured at Fortress Tukrakan south of the Danube.

GERMANY AND RUSSIA DISCUSSED PEACE

(By United Press)

The Hague, Oct. 5.—Despite official denials, Russia and Germany discussed separate peace. It is learned that the reports of the peace conference at Kovno are probably true. Rumania's entrance into the war changed the situation and prevented Russia from completing separate peace plans. The Nieuw Courant story recently stated that Premier Sturmer recently met the kaiser and Marshal Hindenberg at Kovno.

GRAND DUKE TO COMMAND RUSSO-RUMANIAN DRIVE

(By United Press)

London, Oct. 5.—A dispatch from Stockholm says that the Grand Duke Nicholas, formerly commander in chief of the Russian armies, has been recalled from the scenes of his triumphs in the Caucasus to command the Russo-Rumanian drive against the Bulgarians.

MAJOR WILLIAM WARNER.

Former Missouri Senator Dies at Kansas City, Mo.

Major William Warner, former United States senator from Missouri, is dead at his home in Kansas City, Mo. Major Warner had been ill for several weeks, his last sickness being attributed by his friends to his activities in connection with the entertainment of the fiftieth annual reunion of the Grand Army of the Republic.

BARRAGAN COMING TO ASK RECALL OF TROOPS

Washington, Oct. 5.—Officials here understand First Chief Carranza is sending Colonel Juan Barragan, his chief of staff, to the United States with Mr. Arredondo to reinforce his representations looking to the withdrawal of the American troops from Mexico.

Colonel Barragan will go before the joint commission in Atlantic City as an expert witness.

He will endeavor to convince the Americans all Carranza needs is a clear field to eliminate the Villistas from Northern Mexico.

Carranza, it is learned, objected to the testimony Brigadier General Tasker H. Bliss, assistant chief of staff, gave before the joint commission at New London chiefly because there was no Mexican army expert to offset assertions made by the American officer.

NEGRO WOMAN IS LYNCHED

Took Part in Quarrel in Which Son Killed Farmer.

Albany, Ga., Oct. 5.—A negro woman named Connelly, whose son is charged with killing a white farmer after a quarrel in which she took part, was taken from the jail at Leary, Ga., and lynched, according to reports reaching here. Her body was found riddled with bullets. The son is under arrest.

EAGER TO LEARN NEW JAP POLICY

General Terauchi Regarded as Follower of Yamagata.

SAID TO BE FRIENDLY TO U. S.

Critics of Okuma Forced Former Premier to Resign Because of His Alleged Leniency to China—New Leader Is Called "Man of the Hour."

Washington, Oct. 5.—Official Washington is waiting eagerly for developments in the Japanese situation following the appointment by the emperor of Lieutenant General Terauchi as premier, commissioned to form a new cabinet succeeding the Okuma ministry.

Little is known as to what will be the policy of the new premier. He always has been a military man, almost above party questions, but in general he is regarded as a follower in politics of former Premier Yamagata, under whose influence "the gentlemen's agreement" and other friendly arrangements were made with the United States.

For some time there has been considerable agitation in Japan in favor of General Terauchi's elevation to the premier's portfolio especially by those who felt former Premier Okuma's policy was too favorable to Western nations and too lenient to China.

He frequently has been spoken of in the Japanese press as the "man of the hour," and his opponents have criticized him largely because of his belief in strict censorship of news, the importance he has attached to the military party and his aversions to politicians.

General Terauchi's greatest achievement was the annexation of Korea.

ARMY PARTY VICTORY SEEN IN JAP CHANGE

Tokio, Oct. 5.—The resignation of Premier Okuma brought to a head the intense struggle between the bureaucratic forces and the advocates of a representative government, which culminated in the victory of the bureaucrats by the emperor's designation of Count Terauchi to form a cabinet.

The selection of Count Terauchi is believed to be a victory for the army party.

Count Terauchi's slogan is a non-party form of government.

Czar Confirms Divorce of Duchess.

London, Oct. 5.—Emperor Nicholas, according to a Renter dispatch from Petrograd, has confirmed the dissolution, pronounced by the holy synod, of the marriage of his sister, the Grand Duchess Olga, to Duke Peter of Oldenburg. The grand duchess retains her imperial title and is permitted to remarry.

TO HAVE HEATED GROUNDS
FOR CROQUET.

Baltic, S. D., Oct. 5.—This town will have a winter novelty in the form of steam heated croquet grounds.

Money has been contributed for inclosing the grounds and installing a heating plant.

Following an inspection of dairies serving the city of Brainerd, Peter Schletty, of St. Paul, inspector of the State Dairy and Food Department, said two or three were in most deplorable condition. They have been notified to clean up and put their milk stations in sanitary shape.

"On the whole, conditions were good in the other dairies visited," said Mr. Schletty. He praised the country about Brainerd, its fine farms, etc. Mr. Schletty's youth was spent in Switzerland and this section reminded him a good deal of parts of his native land.

His tour was one of an educational nature. Warnings were given dairymen and if not heeded the matter will be taken up at the next inspection. All have the opportunity at present to rectify matters and produce a milk supply free from objectionable features in milk houses, herds, etc.

Milk Famine Reaches Riot Stage

(By United Press)
New York, Oct. 5.—The milk famine has reached the riot stage. Desperate east sixth street women and children started to use violence, the police reports show. In one instance the driver was dragged from the milk cart and a mob of two hundred drained every drop of milk.

Two Persons Killed Twelve Injured

(By United Press)
Altoona, Pa., Oct. 5.—Two persons were killed and twelve passengers and three trainmen were injured when the fast Pennsylvania train No. 6 crashed into a stock train at Lewistown.

Goethals and Clark for 8 Hour Commision

(By United Press)
Washington, Oct. 5.—It is learned that President Wilson has asked General George Goethals, recently governor of the Panama Canal Zone, and Interstate Commerce Commissioner Clark, to become two of the three members of the commission to investigate the operation of the eight-hour day on railways.

Mrs. Wilson Likes the Campaign Tour

(By United Press)
On Board the President's Special Train, Oct. 5.—Campaign life agrees with Mrs. Wilson. She enjoys it greatly, and gets almost an equal share of the plaudits given the president.

Won't Withdraw Troops Until Life is Safe

(By United Press)
Atlantic City, Oct. 5.—An authorized statement of the American position is: "We won't withdraw U. S. troops from Mexico as a result of Carranza's insistence until foreign life and property is assured safety." It has not been intimated that Carranza would withdraw commissioners if Pershing is withdrawn.

ELK'S MEETING

Thursday Evening
At Elk's Hall

IMPORTANT BUSINESS

Be There

O. W. Merwin has returned from
Fulton, N. Y., called there by the
sickness of his mother, Mrs. Helen M.
Merwin. She died shortly after his
arrival there.

For Sale—Large size Majestic
range, practically new. In best of
condition. Call N. W. 332-L.—Advt.

A review of the Tamburica orches-
tra, first number of the lyceum under
the auspices of the Baracca class of
the First Baptist church, will be given
in Friday's Daily.

H. P. Michael left on the noon
train for Wadena where he will at-
tend the northern Minnesota con-
ference of the Methodist church now
meeting in that city.

Dr. J. M. Ekrem has removed his
offices from the Hayes building to
second floor Lammson's Pharmacy.—
Advt.

Merchants are anticipating colder
weather by window displays of heavy
coats, woolsens and furs. Autumn
leaves, with their vivid colors prove
an attractive decoration.

Robert Anderson, traveling repre-
sentative of the Allen Pressed Tool
company, arrived in the city today
from Duluth. He will leave for Min-
neapolis in the morning.

Rev. Walter Smith, Sabbath school
missionary, is now doing his work
with the assistance of a Ford auto-
mobile. He has just returned from
an extended trip to Remer and Thun-
der lake.

Amos Hikes, car inspector of the
Northern Pacific, estimates that he
travels twenty miles each day in do-
ing his work. It is necessary for him
to make the entire length of the
yards several times each day.

The splendid weather of the past
few days has greatly facilitated work
on the First National bank building
and the new Methodist church. These
buildings when completed, will be
decided improvements to their re-
spective corners.

Thomas Smith, of Southeast Brainerd,
is building a small cottage on his
lots in that part of town. Mr. Smith
was working at the Chamber
of Commerce rooms until the street
lights were turned off. He quit on
the plea that he was "afraid to go
home in the dark."

The subject of the prayer and Bible
service at the Presbyterian church
this evening will be the second chap-
ter of Daniel. This will be in con-
tinuation of the study of that book.
Robert Anderson will be present and
take part in the meeting. The pas-
tor, W. J. Lowrie, will have charge.

Achie Purdy is keeping his horses
in the barn back of the Gardner
block. He is expecting to have a sale
soon of horses, harness and all the
livery equipment that was saved
from the fire. Two of his barn men
are still with him and they will to-
gether handle the livery business till
the stock is disposed of.

Our suits and overcoats for men
are making a decided hit. The fit and
quality is so superior that every man
who sees them is sure to buy. New
hats, shirts, underwear and shoes for
men and boys. H. W. Linnemann.

The funeral of Verna Bakkaia, the
daughter of Mr. and Mrs. George Bak-
kaia, was held yesterday, the local
Finnish minister officiating. This
child was the prize baby of the In-
fant Welfare Week. It ranked first
physically of all babies examined, and
was given mention among the babies

of the state as a perfect type of child-
hood.

International Secretary J. M. Dud-
ley, of Chicago, paid the local Y. M.
C. A. association a visit lately. He
reported that the Brainerd institution
is one of the few that is self support-
ing. Most of the Y. M. C. A.'s are
supported by sustaining memberships
taken out by the citizens where the
association is. The only appropriation
received by the local "Y" is one
from the Northern Pacific of \$500.

Nettleton he sells homes this way.

Easy to buy, easy to pay.

The manse of the Presbyterian
church has been greatly improved
lately by the addition of another
room, closet and the enlargement of
the bath room. Hard wood floors
were laid upstairs and the down
stairs papered and repaired. On the
back end of the lot a garage was
built. Much of the work was done
by the men of the church working
evenings and donating their services.

Some Men have their Shoes Made
to Order. We can give you "made to
measure" fit—better style and finish
—ready to wear right out of our store
H. W. Linnemann.—Advt.

Thomas Frankson, of St. Paul,
came down from Walker on the noon
train. Mr. Frankson is candidate for
lieutenant governor on the republic-
an ticket. He will join the senator-
ial party in Bemidji later. He re-
ports that there are about a hundred
members in the party and that they
are enjoying the scenes of northern
Minnesota. Mr. Frankson was former-
ly of Spring Valley and represented
that district in the state legislature.

While paying dues for house or cot-
tage.

The smile that won't come off is
plain.

Because he soon will own that cot-
tage.

And never will pay rent again.

Negotiate with Nettleton.

Jas. McMannis, of West Brainerd,
lost his barn by fire yesterday after-
noon. The fire started while he was
at the house and quickly enveloped
the whole building. The loft was
filled with hay lately stored there,
while many of the ordinary barn im-
plements and harness were also de-
stroyed. The value of the barn was
in the neighborhood of \$1000 and
was partly covered by insurance. The
fire department was on the ground
but was handicapped by the lack of
water.

Style, Quality and Value, you find
them all in H. W. Linnemann clothes.
Style that only experts who have
spent years in the study of young
men's clothes could produce. Quality
secured by the most careful selection
of materials. Values that only the
most expert tailors could make possi-
ble. Nothing has been overlooked.
And the prices are moderate too. H.
W. Linnemann.—Advt.

W. E. Jayne, old soldier, and gener-
al sales manager, of the Kero Water
Burner, of Independence, Iowa, is in
the city demonstrating the feasibility
of burning kerosene and water. His
patent contrivance is attached to any
ordinary cook stove and does away
with the dirt and ashes of coal or
wood. The construction is very sim-
ple and the flame that is produced by
the combination of kerosene and
steam is enough to heat the stove to
any temperature desired. It works
on the principle of a hydro-carbon
lamp. Mr. Jayne is showing the
plant in operation at the vacant
room of the Ransford block.

get your money's worth.

Black Silk Stove Polish
is not only most economical, but it gives a bril-
liant, silvery lustre that cannot be obtained with any
other polish. Black Silk Stove Polish does not
rub off—it lasts four times as long as ordinary
polish. It leaves just a shine, and money.
Don't forget—when you
buy Black Silk, it is the
last stove polish you will
ever need. It is the only
polish that cleans, shines
and protects. It is the
only polish that is
economical, and it is the
only polish that is
wonderful. It is the
only polish that is
different. It is the
only polish that is
the best. It is the
only polish that is
the only. It is the
only. It is the only.

At the Best Tonight
The story of "Dorian's Divorce" deals with the devotion of Dorian Keene, a doting young husband, who is determined to give his wife happiness even if to do so it is necessary to grant her a divorce. While the details for their separation are being arranged, his wife's godfather confesses that he has misappropriated much of her personal fortune and after being upbraided by her commits suicide. Believing his wife guilty of the crime, Dorian assumes the responsibility for it and disappears.

How he signs as a stoker on a yacht, that had formerly belonged to him, and how he uncovers a gigantic smuggling plot in which his rival is deeply concerned, at the same time that his own name is cleared and his wife's love for him re-awakened, all form a highly dramatic story, which is bound to have a supreme appeal to every one who views it. In novelty of setting and originality of conception, as well as for its strong dramatic qualities, "Dorian's Divorce" sets a high mark among the season's screen offerings.

"Did you meet any nice men while you were away?"
"Yes, mother; lots of them."
"Lots of them? There aren't that many in the whole world."—Detroit Free Press

Changing Seasons Bring Colds

"Stuffed-up head," clogged-up nose, tight chest, sore throat are sure signs of cold, and Dr. King's New Discovery is sure relief. A dose of this combination of antiseptic balsams soothes the irritated membrane, clears the head, loosens the phlegm, you breathe easier, and realize your cold is broken up. Treat a cold persistently; half-way measures leave a lingering cough. Take Dr. King's New Discovery until your cold is gone. For 47 years the favorite remedy for young and old. At your druggist, 50c.

Parker-Long

A wedding of more than ordinary interest was celebrated last night at the home of Mr. and Mrs. Sam Parker when their daughter, Eunice Jane, was given in marriage to Ralph W. Long.

It was a quiet, home wedding marked with simplicity of detail. The colors of the autumn were used in the decorations and in the dining room pink and blue. The ring ceremony was used by the officiating minister, Rev. W. J. Lowrie.

The bride is a charming young lady popular in the city with young and old. The groom is a son of Mr. and Mrs. Charles Long of Southeast Brainerd. He is a master steam fitter having learned his trade in this city but now working in Havre, Mont.

The bridal dress was of white organdy and flowers were carried. The dress of the matron of honor was of flowered organdy. Mrs. E. H. Frasier of Verndale, a sister of the bride, served as the latter, and E. H. Frasier as best man.

The guests were the immediate relatives of the two families. Miss Marjorie Parker and Miss Helen Frost played the wedding march using the violin and piano. Georgia Frost, Helen Frost and Marjorie Parker assisted in the dining room.

The young couple left by automobile last evening for the northern lakes where they will spend their honeymoon. After this they will go to Montana where they will make their future home.

At St. Paul's Church

The social gathering held on Wednesday evening by the congregation of St. Paul's Episcopal church, was a great success. A large number were present. The guild hall was nicely decorated and the women's guild served a tasty lunch.

Mrs. Burnett recited splendidly "The House by the Side of the Road" and B. J. Broady in excellent voice rendered two solos. M. D. Folsom kindly loaned an Edison machine and records. The program for the winter's work was discussed. It was decided to hold a class for Bible study on Thursday evening in the guild hall at 7:30 P. M. The desire was expressed that this kind of social function be held frequently during the winter months.

For J. A. Johnson

Friends surprised J. A. Johnson at his home Wednesday evening, Oct. 4, in honor of his 25th birthday anniversary. All had a very pleasant evening.

Refreshments were served at 9:30. Those present were Mr. and Mrs. J. W. Johnson, Mr. and Mrs. C. Erickson and daughter Ellen, Miss Mabel Johnson, Miss Hannah Swanson, Miss Sigrid Carlson, Mrs. A. Carlson, Mrs. Anna Osterlin, Eli Johnson, Carl Sundberg, Harry Johnson, Al Halberg, Oscar Koskinen, Victor Osterlin, E. J. Erickson, Mr. and Mrs. J. A. Johnson. Mr. Johnson received many presents.

Wedding on Saturday

Cards are out announcing the marriage of Miss May Anderson of South Lake, daughter of Mr. and Mrs. J. W. Anderson, to John Morken of Day Point, California. The ceremony will be performed next Saturday afternoon at the home of the bride. The young couple will make their future home in California.

For Miss Edith Olson

The Misses Esther Fogelstrom and Beatie Bredenberg entertained at the home of the latter for Miss Edith Olson, about to return to her home in Youngstown, Ohio. The decorations were autumn leaves. 25 girls were present. A delightful luncheon was served.

Young Peoples Society

The Young Peoples society of the Swedish Lutheran church, will meet tomorrow night at the church basement at 8 o'clock and will be entertained by Miss Mabel Rosenberg. All members of the society are asked to be present.

Columbus Day Party

A musicale, card party and lunch will be given in honor of Columbus Day by the ladies of the Catholic church at the Knights of Columbus hall on Thursday evening, Oct. 12.

"Willelophildan" Club

The Willelophildan club will meet Thursday evening at the home of Rev. Elio Carlson. This is a new club and many believe it boasts a Greek name on account of its length.

BEAUTIFUL LINES.

SATISFIED.

here. Fullness is thrown over the hips, and two novelty buttons close the waist line. The banding is a heavy velvet in imitation fur.

STAPLE FALL COLORS.

What Shade to Pick For Your New Warm Suit.

Broadcloths and velours will come first in fall street fabrics, and then serges and poplins. Plain stuffs will take the place of stripes, and staple colors will be more used than unusual ones, although there will be some dark toned stripes and perhaps somber plaids. It will be what manufacturers call a "plain season," which may be the natural reaction from the stripes and checks, the plaids and ruffles and the bright sports colors of the spring and summer. And the staple colors in this case, it is believed, will be midnight blue, myrtle green, plum, taupe, wine, gray, brown, burgundy, navy blue and black.

The poplins and gabardines will be used for suits of the early fall before broadcloth is needed for its warmth and general look of winter, although medium weight broadcloth with a high satin shine is right for the warmer weather. There will be some coverts and needle cords too.

Cashmere velours will be used for both suits and coats, as well as for sport skirts. And since sport clothes are as much in demand in fall and winter as in summer, and since this is the best sport material for cold weather, the dark colors of the other materials will not entirely hold good for velours.

How to Recoup.

Curdled Custard.—Suppose your boiled custard curdles. Try putting it in a very cold basin and beating it briskly. Another plan is to add a teaspoonful of corn flour mixed to a paste with water. Cook this for a few minutes, then strain the thickened custard into a glass dish.

To Thicken Batter.—In mixing any pudding made with batter you may add too much liquid if you are in a hurry. If your batter is too thin, thicken it with white breadcrumbs.

When cream doesn't whip stand it where it will get very cold, then add to it the white of an egg and beat them together thoroughly.

If mayonnaise curdles put the yolk of an egg into a very cold basin and add the curdled sauce drop by drop, stirring steadily all the time.

Beading in Colors.

Beading to match and contrast with the bright colors of wool and silk jersey suits is the latest fad. Conventional designs, old fashioned sampler patterns and stiff square of circle enclosed flowers are chosen for the head work which appears on the left side of the coat, at the sash ends and on the pockets of coats and skirts alike.

Fur Trimmings.

More fur trimmings than ever is the outlook for fall. The favorite trimming furs are silver dyed rabbit, mole skin, Hudson seal and raccoon. Instead of the high funnel collar on coats, the deep sailor collar which can be held close to the neck with a strap will take its place.

Their Lot!

With woman it is a struggle to provide something for the comfort of the inner man, and with man it is an endless effort to provide for the outer woman.

The Luscious Grape

Grape Salad.

Wash one-half pound Malaga grapes, halve them lengthwise and seed, mix with one cupful of blanched almonds and one-half cupful chopped celery. Serve with whipped cream or mayonnaise.

Grape Juice.

Put six pounds of Concord grapes in a kettle with one quart of water, let them heat until the juice begins to flow; strain, and to each quart of juice add one teaspoonful of granulated sugar. Return to the kettle and boil ten minutes. Bottle and seal.

Grapes With Rice.

Into a deep dish put two cupfuls of steamed and washed grapes. Sprinkle through them one-half cupful sugar, one-half cupful boiled rice. Pour on this one-half cupful of water, cover and bake two hours in moderate oven. Chill and serve with cream.

Grape Marmalade.

Stem the grapes and wash them. After seeding weigh the fruit and for every pound add one-half pound of sugar. Cook slowly for twenty-five minutes and then add the juice of one lemon for every pound of fruit. Put away in jelly glasses.

Grape Ketchup.

Stew five pounds of grapes until soft. Strain through a sieve and add two and a half pounds of sugar, one tablespoonful of cinnamon, one tablespoonful of allspice, one-half tablespoonful cloves, one tablespoonful pepper, one-half tablespoonful of salt and one pint of vinegar. Boil until rather thick and bottle. Serve with cold meats.

Maple Ice Cream.

Scald in a double boiler one cupful of milk; when hot add three-fourths of a cupful of maple syrup. Beat two eggs well till thoroughly mixed. Return to the double boiler and cook, stirring constantly. As soon as the mixture thickens strain, allow it to cool, then add a cupful of thin cream and freeze.

Mint Sauce.

When making mint sauce add a little brown granulated sugar to the mint and the chopping will be much easier and accomplished more quickly too.

Portugal's Big Diamond.

It is claimed for the Braganza, which formed part of the Portuguese crown jewels, that it is the biggest diamond in the world, weighing 1,360 carats. Some doubt exists, however, as to whether it is a real diamond, as no official testing can be authenticated. It was found in Brazil in 1741.—London Telegraph.

A Winter Without a Chap

Some people are indifferent as to their appearance, but we cannot understand how any one can be careless to their comfort.

Skin chapping is very painful and annoying and should be guarded against. There is absolutely no need of suffering from chaps this winter. Use

San-Tox Velvet Lotion

It will keep your skin soft and in a healthy condition. This remedy not only prevents chapping, but it will quickly heal rough and inflamed skin and restore it to its natural softness. Use it before and after exposure to the cold and wind and enjoy a "chapless" winter. Price 25 cents.

INDETERMINATE PHONE PERMIT

A hearing has been arranged by the Minnesota Railroad and Warehouse commission to be held October 17th, at Bluffton, Ottertail county, on the application of the New York Mills Telephone company for a permit to construct a telephone pole line to that village for local telephone service.

No exchange will be installed in Bluffton, but the phones in that place will be operated from the New York Mills exchange. This arrangement of operating telephones in one town from an exchange in another is not a novel one in Minnesota by any means, but this is the first request by a telephone company for leave to construct a new line in a village.

Many indeterminate permits have been issued by the Railroad and Warehouse commission in the past year, but only in municipalities that already had telephone service. Should a permit to construct be granted by the commission, the work, naturally, will be subject to the supervision of the local civic authorities as to the location of the pole lines and the manner of their construction, such questions being wholly within the police powers of the community.

AUTUMN'S WONDROUS CHARMS

Autumn has wrought a scene of indescribable charm upon the foliage of field and forest about Brainerd. The season's change never has decked the leaves of the trees and the grasses in fairer colors than now appear. A walk through the woods at the present time is a trip through fairy land. The frost with a wonderfully artistic hand has put scores of unusual vivid colors in unexpected places so that new scenes of beauty are constantly appearing to surprise.

Just a little walk to the river will repay anyone. The river view has always a charm but now it is twice as beautiful. The contrasting colors of pine, birch and oak leaves take on new tints there.

We are passing through the beauty days of the year right now. There is a decided snap in the early morning air accompanied with a delightful freshness that only autumn brings. The charm that goes with

the variegated colors of the first frost is only for the one time. Once a year do we have such scenes to stimulate love for the beautiful and praise for the author of it all. Farewell to summer.

THE PEASANT'S RIDDLE.

And How the Sicilian Kept the Promise He Made to the King.

A Sicilian laborer told us this story. He says his mother told it to him when he was a child. It sounds like one of Grimm's tales and is undoubtedly very old folk lore.

"My mother told me that once there was a king who saw a peasant working in a field and asked him how much he earned. And the peasant said, 'Four carlini a day.' 'What do you do with your 4 carlini?' asked the king. 'One I eat, the second I put at interest, the third I return, and the fourth I throw away.' This puzzled the king, and he asked the peasant what he meant. And the peasant said:

"I buy my food with one. I feed my children with the second, and that is putting money out at interest. I feed my old father with the third, and that is paying back what has been given me. I give the fourth to my wife, and giving her money is throwing it away."

"That's a good riddle," said the king, "and I must tell it to my friends. Promise me that you won't tell any one the answer till you have seen my face a hundred times." So the peasant promised, and the king went back to his palace and asked them the riddle. Nobody could answer, but one remembered seeing the king talk to a peasant, so he went to the peasant and asked him about it. But the peasant said: 'I can't tell you. I promised the king I wouldn't tell the answer till I had seen his face a hundred times.' 'Oh, that's easy,' said the king's friend, and he took a hundred lire out of his pocket, and every piece of money had the king's face stamped on it.

"So the peasant told the king's friend the answer to the riddle, and the king's friend went back to the palace and said to the king, 'I can guess your riddle now,' and he did. Then the king became angry and said: 'You couldn't have guessed it. That peasant has broken his promise.' So the friend had to tell the king how he had fooled the peasant."—Cleveland Plain Dealer.

Salt.

Salt production is about the oldest industry in the world. In Italy, the cradle of the salt industry, it has been manufactured commercially for 2,500 years. Salt is so necessary to existence that in some parts of the world tribes will sell the members of their families in exchange for salt. Salt has been the cause of wars, and so important has it always been considered that in some places the passing of salt is established as a token of friendship, and women throw salt on a visitor as a friendly greeting. In some countries salt is so scarce that it is obtained through the ashes of grasses and a species of palm and other plants.

NEW YORK FACING REAL MILK FAMINE

Situation Acute After Mitchell Fails to Settle Trouble.

SHORTAGE CAUSES SUFFERING

Authorities Declare Supply Is Only 53 Per Cent of Normal and That Much Hardship Is Being Experienced. Attorney General Is Active.

New York, Oct. 5.—With the failure of Mayor Mitchell to adjust the differences between producers and distributors of milk and the decision of Attorney General Woodbury to begin a statewide inquiry into the causes leading to the rupture, the situation so far as the general public is concerned is said to be growing acute.

A shortage of more than 50 per cent in the milk supply, which already has resulted from the controversy, is causing much suffering, according to the authorities.

The supply is expected to diminish rather than increase until a settlement is reached.

The attorney general issued a statement in which he said that his investigation will "determine fairly and impartially how far there may have been unlawful combinations in restraint of trade for controlling the price of this important necessity of life."

HANLY WOULD SEND ARMY INTO MEXICO

St. Paul, Minn., Oct. 5.—Intervention in Mexico was advocated in an address here by J. Frank Hanly, the prohibition candidate for president. Simultaneously he urged Charles E. Hughes to announce what he would do in the Mexican situation if elected president.

"I believe intervention by the government of the United States is inevitable, and if I were elected president and conditions were as they are now," Hanly said, "and our present anomalous relations to Mexico affairs still were existent, I would intervene promptly and decisively upon my assumption of authority."

KING ACCEPTS RESIGNATIONS

Constantine Lets Secretaries Out Who Oppose War.

Athens, Oct. 5.—King Constantine presided over the crown council held at the palace to consider written opinions of the situation submitted by each minister to which the minister's resignation was appended to be accepted in case the opinions were unsatisfactory to the monarch.

The minister of the interior, Loucas Roufas, the minister of communications, Lysandros Kantandjoglou, and the minister of justice, M. Vokotopoulou, opposed Greece's entry into the war.

The king promptly accepted the resignation of the entire ministry for the purpose of forming a national war cabinet, which will include three of the adherents of former Premier Venizelos.

BLOODHOUND GET ASSAILANT

Tramp Attacks Girl and Is Caught Within Two Hours.

Belvidere, Ill., Oct. 5.—While Catherine O'Connor, thirteen, was fighting off an attack of a tramp on her way to school near Charry Valley another schoolgirl came along and the man fled.

A posse and bloodhounds from Rockford, six miles away, were put on the trail, and the man was caught within two hours, and is now in jail at Rockford.

PRIEST KILLED IN ACCIDENT

Bishop Dunne of Peoria, Ill., Injured in Same Mishap.

Peoria, Ill., Oct. 5.—Father Edward J. Schuetz, chancellor of the Catholic diocese of Peoria, was killed; Right Rev. Edmund M. Dunne, bishop of the diocese of Peoria, sustained a broken leg, and Father James V. Shannon, rector of St. Mary's cathedral, was severely injured in an automobile accident near Princeville, Ill., ten miles north of here.

Fire Causes \$100,000 Loss.

Rock Island, Ill., Oct. 5.—A fire that destroyed five store buildings and several residences at Orion, eighteen miles from this city, did damage to the extent of \$100,000, partially covered by insurance. The fire started in a drug store and was caused by the explosion of a gas tank in the cellar.

Wheat Goes to \$1.70.

Minneapolis, Oct. 5.—Ten minutes before the market closed the price of December wheat bounded up to \$1.70 in the local pit. This broke the previous high record of \$1.69. Earlier in the day December wheat was down to \$1.66 on report that rain had fallen in Argentina.

Lord Northcliffe, editor of the London Times and many other publications in England, writing from France about conditions after the conclusion of the war, says:

"It will be a changed England, as our men in the trenches and ambulances will come home to demand by their votes their reward."

"The men in the dugouts talk of a good many subjects, but the one on which all are agreed is the land question. They are not going back as laborers or tenants, but as owners."

Von Schoelen Is Promoted.

Berlin, Oct. 5.—Lieutenant General von Schoelen has been appointed deputy minister of war, succeeding Lieutenant General von Wandel, who resigned recently because of poor health.

MAKING UMBRELLAS.

The Work of Assembling the Frames and Putting on Covers.

In most umbrella factories the task of turning out ribs and stems is left to other factories making a specialty of those parts. These are sent to the manufacturer, and the man whose work it is to assemble the parts inserts a bit of wire into the small holes at the end of the ribs, draws them together about the main rod and adjusts the ferrule.

In cutting the cloth or silk seventy-five thicknesses or thereabouts are arranged upon a table at which skilled operators work. In one department there are girls who operate hemming machines. A thousand yards of hemmed goods is a day's work for one of these girls. The machines doing this job attain a speed of some 3,000 revolutions a minute. After the hemming has been done the cloth or silk is cut into triangular pieces with a knife, as before, but with a pattern laid upon the cloth. The next operation is the sewing of the triangular pieces together by machinery.

The covers and frames are now ready to be brought together. In all there are twenty-one places where the cover is to be attached to the frame. The handle is next glued on, and the umbrella is ready for pressing and inspection.

EARLY RAILROAD FLIERS.

When the Threat of Twelve Miles an Hour Was Called Nonsense.

When the first passenger railroad ever built was opened in England in 1825 the train traveled from one end of the line to the other, a distance of twelve miles, in two hours. And Wood, one of the best known writers on the subject of railroads at that day, wrote as follows:

"Nothing can do more harm to the adoption of railways than the promulgation of such nonsense as that we shall see locomotives traveling at the rate of twelve miles an hour."

Today, with locomotives traveling at the rate of seventy-five miles an hour,

one can look at Wood's warning with a feeling of amusement.

In 1829 a locomotive was introduced in this country, and in the following year Peter Cooper experimented with a locomotive on the B. and O. railroad. The flues of the boiler were made from gun barrels. The boiler was about the size of a flour barrel.

Cooper related with considerable satisfaction how on the trial trip of this wonderful engine he passed a gray horse attached to a wagon.—New York World.

Double Stars.

A double star is one which consists of two stars lying close together and revolving in an orbit. For some time Professor Comstock, astronomer of the University of Wisconsin, has made a particular study of this feature in the heavens.

A new phenomenon is a double star which he noticed was that two bright stars "wobbled" and did not have the usual steady appearance. At length the conclusion was reached that this condition was caused by a dark star in close proximity to the two bright stars. Such a situation was considered impossible at first, but analysis revealed that the two bright stars could thus exist with a dark star without breaking down. Although the dark star has never been seen, there is sufficient proof to justify the belief that it is the cause of this double star's peculiar behavior. It revolves about the double star about once in a little less than twelve years.

Diplomacy.

Billy was sending out invitations to his birthday party.

"I don't think I would mention the birthday," advised his mother. "It looks so much like asking for a present."

To this Billy demurred violently, but was finally persuaded to yield the point. For a long time he thought deeply. Then, solving the problem, he asked:

"Well, mother, we won't say anything about the birthday, but don't you think that we might put the picture of a cake with candles at the top of the paper?"—Harper's Magazine.

SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uræmic poisoning occurs and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a sample package of "Anuric"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion without charge—absolutely free. This "Anuric" of Doctor Pierce's is found to be 37 times more active than lithia, for it dissolves uric acid in the system as hot water does sugar.

Simply ask for Dr. Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Golden Medical Discovery for blood and stomach.

WORRY, DESPONDENCY.

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, dizzy spells, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's Anuric Tablets.

MAKING UMBRELLAS.

The Work of Assembling the Frames and Putting on Covers.

In most umbrella factories the task of turning out ribs and stems is left to those parts. These are sent to the manufacturer, and the man whose work it is to assemble the parts inserts a bit of wire into the small holes at the end of the ribs, draws them together about the main rod and adjusts the ferrule.

In cutting the cloth or silk seventy-five thicknesses or thereabouts are arranged upon a table at which skilled operators work. In one department there are girls who operate hemming machines. A thousand yards of hemmed goods is a day's work for one of these girls. The machines doing this job attain a speed of some 3,000 revolutions a minute. After the hemming has been done the cloth or silk is cut into triangular pieces with a knife, as before, but with a pattern laid upon the cloth. The next operation is the sewing of the triangular pieces together by machinery.

The covers and frames are now ready to be brought together. In all there are twenty-one places where the cover is to be attached to the frame. The handle is next glued on, and the umbrella is ready for pressing and inspection.

EARLY RAILROAD FLIERS.

When the Threat of Twelve Miles an Hour Was Called Nonsense.

When the first passenger railroad ever built was opened in England in 1825 the train traveled from one end of the line to the other, a distance of twelve miles, in two hours. And Wood, one of the best known writers on the subject of railroads at that day, wrote as follows:

"Nothing can do more harm to the adoption of railways than the pronouncement of such nonsense as that we shall see locomotives traveling at the rate of twelve miles an hour."

Today, with locomotives traveling at the rate of seventy-five miles an hour,

one can look at Wood's warning with a feeling of amusement.

In 1829 a locomotive was introduced in this country, and in the following year Peter Cooper experimented with a locomotive on the B. and O. railroad. The flues of the boiler were made from gun barrels. The boiler was about the size of a flour barrel.

Cooper related with considerable satisfaction how on the trial trip of this wonderful engine he passed a gray horse attached to a wagon.—New York World.

Double Stars.

A double star is one which consists of two stars lying close together and revolving in an orbit. For some time Professor Comstock, astronomer of the University of Wisconsin, has made a particular study of this feature in the heavens.

A new phenomenon is a double star which he noticed was that two bright stars "wobbled" and did not have the usual steady appearance. At length the conclusion was reached that this condition was caused by a dark star in close proximity to the two bright stars. Such a situation was considered impossible at first, but analysis revealed that the two bright stars could thus exist with a dark star without breaking down. Although the dark star has never been seen, there is sufficient proof to justify the belief that it is the cause of this double star's peculiar behavior. It revolves about the double star about once in a little less than twelve years.

Diplomacy.

Billy was sending out invitations to his birthday party.

"I don't think I would mention the birthday," advised his mother. "It looks so much like asking for a present."

To this Billy demurred violently, but was finally persuaded to yield the point. For a long time he thought deeply. Then, solving the problem, he asked:

"Well, mother, we won't say anything about the birthday, but don't you think that we might put the picture of a cake with candles at the top of the paper?"—Harper's Magazine.

SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uric acid poisoning occurs and the person dies, and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a sample package of "Anuric"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. When you suffer from backache, frequent or scanty urine, rheumatic pains here or there, or that constant tired, worn-out feeling, it's time to write Dr. Pierce, describe your symptoms and get his medical opinion without charge—absolutely free. This "Anuric" of Doctor Pierce's is found to be 37 times more active than lithia, for it dissolves uric acid in the system as hot water does sugar.

Simply ask for Dr. Pierce's Anuric Tablets. There can be no imitation. Every package of "Anuric" is sure to be Dr. Pierce's. You will find the signature on the package just as you do on Dr. Pierce's Golden Medical Discovery for blood and stomach.

WORRY, DESPONDENCY.

Kidney Disease is suspected by medical men when patients complain of backache or suffer with irregular urination, disturbed, too frequent, scanty or painful passage. The general symptoms are rheumatic pains or neuralgia, headaches, dizzy spells, irritability, despondency, weakness and general misery. Worry is a frequent cause and sometimes a symptom of kidney disease. Thousands have testified to immediate relief from these symptoms after using Dr. Pierce's Anuric Tablets.

HOW TO LIGHT FAIR BRAINERD

Chamber of Commerce at Special Meeting Hears Committee Report on Question

LIGHTS SHOULD BE TURNED ON

Reasoned Water and Light Board Has Sufficient Revenue to More Than Meet Obligations

A small attendance was present at the Chamber of Commerce meeting Wednesday evening to discuss the lighting situation in Brainerd.

In the absence of a regular presiding officer, Edward Crust was asked to take the chair.

The special committee on ways and means to light Brainerd reported that the finances of the water and light board were in a most excellent state, that the board had sufficient revenue to meet all its obligations and it would not embarrass the board if the city did not pay its indebtedness.

It was their opinion that the water and light board should be requested to turn on all the street lights, continuing to charge the city \$3,500 a year until such time as the city's finances will permit of the payment of any sums due.

INSTALLING NEW FOUNTAIN

Olympia Candy Kitchen Bergs at Fountain 28 Feet Long, Flashing With Mirrors and Marble

The Olympia Candy Kitchen is installing a new fountain today. The work is being done by Edward Bergstedt of St. Paul, of the Bergstedt Bros., of that city.

The fountain is to be 28 feet full dimensions and is to be the latest and most modern of its kind. The front will be of solid, plain marble and the back of mahogany. The mirror is of plate glass 24 feet dimensions.

The inside work, consisting of washing room, draining board, and spoon trays will be of solid German silver. This will make the fountain sanitary and also facilitate handling. The cost will approximate \$3,500.

The work will be completed tomorrow and will be then opened for inspection for the public. One week from Saturday there is to be a formal opening when the whole building will be opened to review and inspection.

Carnations then will be given to those who come. This latest improvement will make the local candy kitchen one of the most modern and up to date in the state.

GIVES HIS SIDE OF THE ACCIDENT

August Samuelson, 906 South 15th Street, Said His Horse Were Hit by Larson Automobile

WAS ABOUT TO TURN A CORNER

Automobile Came Ahead Full Speed, Samuelson Said, Swerved and Went Into the Ditch

August Samuelson, of 906 South-east 15th street, is the man who drove the team and was ahead of R. E. Larson's automobile at the time of the automobile accident Wednesday noon.

Mr. Larson's story was given publicly yesterday. Mr. Samuelson stated his side of the case today. He said he was driving his team south on 15th street.

He heard a car signal and he turned for them and they passed him at full speed. He walked his horses along and was about to turn into Rosewood street to his left. When nearly across 15th street a car ran past him to his left and hit one horse and caused both to rear up.

He had been backing square that day and his wagon was empty at the time. The car shot by and was unable to swing back into 15th street, missed the bridge and went into the ditch.

He claims the car was traveling at top speed when it rounded 15th and oak and asserts people on the corner at the time will so state.

Mr. Samuelson said he was not to blame for the accident and claims he certainly had a right to swing into a cross street. Arnold Kalland, most seriously hurt, was working for Ben Samuelson, son of August Samuelson.

MANGANESE

Building Operations Are Increasing. Soc About to Build New Station

Manganese, Minn., Oct. 5.—Manganese building operations are increasing. Twenty-two lots were sold recently and three more buildings have been started. Two of the new lot purchasers will commence building next week.

George Leanna, of McKinley, has just completed his large hotel and has moved in. He reports he has not rooms enough to accommodate one-third of the travel. He has started on plans for an addition, to be the same size as the present hotel.

M. D. Stoner, of the Cuyuna Range Power Co., has a crew of men putting in an electric power line to furnish light and power to Manganese.

John Wahl of Duluth, and Eric Hagstrom, of Virginia, were in town taking photographs of the new buildings and improvements made recently.

The Soo railway is building an extension from their line south of Manganese to the Merrill property where a shaft is being put down.

The Soo now has four carloads of material on the side tracks for the new passenger and freight station. Work on the building will commence in a few days.

Mike Tomhas has completed his store building and put in a line of confectionery and cigars.

George Leanna went to Minneapolis this week to purchase electric pumps and tanks for his new hotel building.

RIVERTON

Riverton, Minn., Oct. 5.—Oscar Roberts and family and James Cramer and family, motored from Brainerd to Riverton on Sunday, Crosby, Ironton and Deerwood also being visited by the party. They found the roads in that vicinity in excellent condition and enjoyed a very pleasant day. The party were guests at the home of Mr. and Mrs. Cramer while in Riverton.

1,000 BUSHEL OATS THRESHED

Big Yield Reported From the George H. Crosby Farm in the Village Limits of Crosby

GARDEN PRIZES ARE AWARDED

Crosby People Win Prizes in Motorcycles and Horse Races at the Aitkin County Fair

Crosby, Minn., Oct. 5.—Some people associate the village of Crosby with nothing but fishing, but Crosby people and the vicinity of Crosby can show fine truck farms and big yields in crops. And the example in encouraging agricultural pursuits and gardening is set by George H. Crosby.

Threshing crews working at his model farm in Crosby threshed 1,000 bushels of oats of excellent quality. With the growth of agriculture about the village, Crosby is given a healthy impetus in business and coupled with the mining makes conditions of the best in this section of the range.

Crosby entries in the Aitkin county fair won prizes for all of the motorcycle and horse racing events in which Crosby was represented. Horses of D. A. McBride and P. Frenette were winners in events. Clarence Rice won the five-fifth motorcycle race.

Curbing and guttering is being done on both sides of Second street north, from Cross avenue to Third avenue west.

Judge D. J. Severance, P. N. Haugland and H. L. Erickson acted as the judges in the garden contest carried on by boys and girls of Crosby, under rifle laid down by the Crosby Mothers' club. These prizes were awarded: Boys' vegetable garden, Charles Crosby, \$1; Boys' flower garden, Theodore Keskey, \$1; Girls' vegetable garden, Orville John, \$1.

The prize of \$1 offered for the best girls' flower garden was divided between Delfia Bellefeuille and Mabel Bettefeuille.

A. J. McLennan, of Duluth, was a business visitor to Crosby on Saturday.

M. F. Crosby and son, Frederick, and William Peterson are duck hunting at Graceville.

The Altar society met with Mrs. D. Cushing at Ironton on Thursday.

The Royal Neighbors will give their first annual dance on Oct. 13.

Theo. Lake has started construction of a new warehouse.

Judge D. J. Severance and Jesse Piatt attended to matters in the district court at Duluth.

The Presbyterian Ladies Aid met with Mrs. C. J. Smart on Wednesday.

H. J. Kruse was at Brainerd Tuesday.

The Mothers club met in the Franklin building Tuesday.

Another militia dance is to be given soon. Rochon's orchestra has been engaged.

Crosby Woodmen have organized a band and will send for their instruments soon.

The Knights of Columbus of the Cuyuna range had a social meeting at the Trio block.

He Was Equal to It.

A student who could not sound the letter "r" was given the following sentence to read:

"Robert gave Richard a rap in the ribs for roasting the rabbit so rare."

He studied it in silence a minute, then glibly rendered it as follows:

"Robbie gave Bicky a thump in the side for cooking the bunny so little."—Albany Knickerbocker Press.

CONSTIPATION

There is nothing equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation. Sold everywhere, 25c.

The bane of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mildest and gentlest laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action. Price 25c.

OUTRAGES BY ENEMY TOLD BY BULGARIAN

Berlin, Oct. 5.—Further details of alleged Rumanian atrocities in Dobruja, the Overseas News agency says, are contained in a report from the Sofia correspondent of the Frankfurter Zeitung, who, with several other correspondents and William Warfield, the American chargé d'affaires at Sofia, investigated reports in Dobruja (Barardjiko), Sillistria, and surrounding towns and villages.

"Everywhere we followed traces of assassination and incendiarism and everywhere there was the same complaint about the loss of life and property," the correspondent writes. "Entire villages were destroyed by fire and large quantities of corn were carried away. People of all classes were also carried away, partly by violence and partly by false promises."

"The prettiest girls were driven into the Rumanian trenches, where they were assaulted and then murdered, especially in the neighborhood of Sillistria."

"Women and children were locked up in houses, then either burned to death or shot. It has been proved that the Rumanians ravaged the country in an indescribable fashion on the direct command of their superiors."

"The number of civilians killed, wounded and transported from Dobruja is estimated at about 60,000."

Parent's Death Charged to Sons.

Lincoln, Neb., Oct. 5.—Frank and Emil Boshiglov, sons of Frank Boshiglov, who was murdered a year ago by John Kohout, have been arrested as accessories after the fact. It is charged they gave Kohout food and aided him in leaving the state.

Red Cross Steamer Lost.

Paris, Oct. 5.—A British Red Cross steamer blew up in the Straits of Dover, according to a Boulogne dispatch to the Figaro. The dispatch says news of the disaster was received by wireless, but that details are lacking.

PAIR CHARGED WITH MURDER

Farmer and His Second Wife Accused of Death of First Spouse.

Garden City, Kan., Sept. 5.—Fred M. Gilmer and his wife, whom he recently married, were placed in jail here charged with having poisoned Hanna H. Gilmer, the man's first wife, who died in August. The information on which they were arrested was filed by William Harris, son of the dead woman.

Gilmer, who is a farmer, married within a short time after his first wife's death.

He is about forty years old and his wife is several years his junior.

London, Oct. 5.—King George, it was announced officially, has appointed Second Lieutenant Frederick Sowrey and Lieutenant Alfred De Bath Brandon, both officers of the royal flying corps, to be companions of the Distinguished Service Order in "connection with their successful attacks upon enemy airships."

Lieutenants Sowrey and Brandon participated in the attacks on Zeppelin raiders on the night of Sept. 23-24, when two Zeppelins were brought down.

Lieutenant Brandon received the military cross for bombing the Zeppelin which came down in the Thames estuary last April.

INSTALLING NEW FOUNTAIN

Olympia Candy Kitchen Bergs set Fountain 28 Feet Long, Flashing With Mirrors and Marble

The Olympia Candy Kitchen is installing a new fountain today. The work is being done by Edward Bergstedt of St. Paul, of the Bergstedt Bros., of that city.

The fountain is to be 28 feet full dimensions and is to be the latest and most modern of its kind. The front will be of solid, plain marble and the back mahogany. The mirror is of plate glass 24 feet dimensions.

The inside work, consisting of washing room, draining board, and spoon trays will be of solid German silver. This will make the fountain sanitary and also facilitate handling. The cost will approximate \$3,000.

The work will be completed tomorrow and will be then opened for inspection for the public. One week from Saturday there is to be a formal opening when the whole building will be opened to review and inspection.

Carnations then will be given to those who come. This latest improvement will make the local candy kitchen one of the most modern and up to date in the state.

GIVES HIS SIDE OF THE ACCIDENT

August Samuelson, 906 South 15th Street, Said His Horses Were Hit by Larson Automobile

WAS ABOUT TO TURN A CORNER

Automobile Came Ahead Full Speed, Samuelson Said, Swerved and Went into the Ditch

August Samuelson, of 906 South-east 15th street, is the man who drove the team and was ahead of R. E. Larson's automobile at the time of the automobile accident Wednesday noon.

Mr. Larson's story was given publicly yesterday. Mr. Samuelson stated his side of the case today. He said he was driving his team south on 15th street.

He heard a car signal and he turned for them and they passed him at full speed. He walked his horses along and was about to turn into Rosewood street to his left. When nearly across 15th street a car ran past him to his left and hit one horse and caused both to rear up.

He had been leading his horse that day and his team was empty at the time. The car shot by and was unable to swing back into 15th street, missed the bridge and went into the ditch.

He claims the car was traveling at top speed when it rounded 15th and Oak and asserts people on the corner at the time will so state.

Mr. Samuelson said he was not to blame for the accident and claims he certainly had a right to swing into a cross street. Arnold Kalland, most seriously hurt, was working for Ben Samuelson, son of August Samuelson.

1,000 BUSHELS OATS THRESHED

Big Yield Reported From the George H. Crosby Farm in the Village Limits of Crosby

GARDEN PRIZES ARE AWARDED

Crosby People Win Prizes in Motorcycle and Horse Races at the Aitkin County Fair

Crosby, Minn., Oct. 5.—Some people associate the village of Crosby with nothing but mining, but Crosby people and the vicinity of Crosby can show fine truck farms and big yields in crops.

And the example in encouraging agricultural pursuits and gardening is set by George H. Crosby. Threshing crews working at his model farm in Crosby threshed 1,000 bushels of oats of excellent quality.

With the growth of agriculture about the village, Crosby is given a healthy impetus in business and coupled with the mining makes conditions of the best in this section of the range.

Crosby entries in the Aitkin county fair won prizes in all of the motorcycle and horse racing events in which Crosby was represented.

Horses of D. A. McBride and P. Frenette were winners in events. Clarence Rice won the five-furlong motorcycle race.

OUTRAGES BY ENEMY TOLD BY BULGARIAN

Berlin, Oct. 5.—Further details of alleged Roumanian atrocities in Dobruja, the Overseas News agency says, are contained in a report from the Sofia correspondent of the Frankfurter Zeitung, who, with several other correspondents and William Warfield, the American chargé d'affaires at Sofia, investigated reports in Dobruja (Chirardjili), Silistria, and surrounding towns and villages.

"Everywhere we followed traces of assassination and incendiarism and everywhere there was the same complaint about the loss of life and property," the correspondent writes. "Entire villages were destroyed by fire and large quantities of corn were carried away. People of all classes were also carried away, partly by violence and partly by false promises."

"The prettiest girls were driven into the Roumanian trenches, where they were assaulted and then murdered, especially in the neighborhood of Silistria."

"Women and children were locked up in houses, then either burned to death or shot. It has been proved that the Roumanians razed the country in an indescribable fashion on the direct command of their superiors."

"The number of civilians killed, wounded and transported from Dobruja is estimated at about 60,000."

CONSTITIATION

There is nothing equal to Chamberlain's Tablets for constipation. When the proper dose is taken their action is so agreeable and so natural that you do not realize that it is the effect of a medicine. These tablets possess tonic properties that aid in establishing a natural and regular action of the bowels. Chamberlain's Tablets have cured many cases of chronic constipation. Sold everywhere, 25c.

The bone of old age is constipation. The bowels become weak and unable to perform their functions without aid. For this purpose only the mild and gentle laxative should be used. The use of harsh cathartics aggravates the trouble and makes the constipation worse. Chamberlain's Tablets are a favorite with people of middle age and older on account of their gentle action. Price 25c.

IF KIDNEYS AND
BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

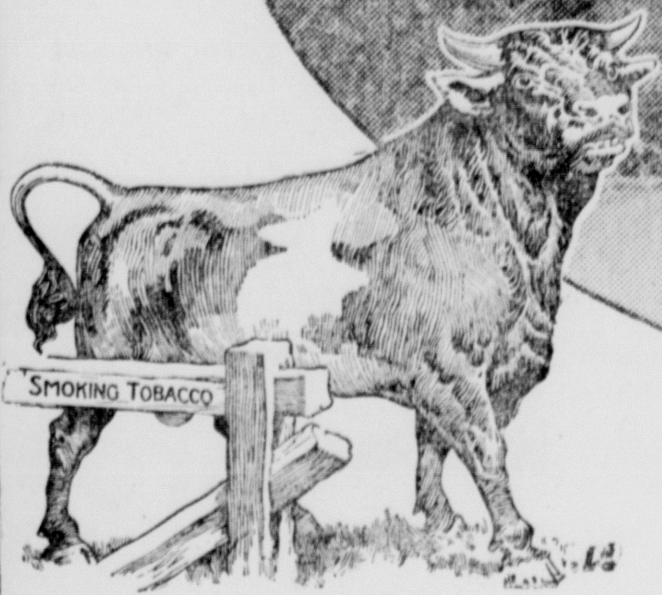

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folk call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive
